

*The Heart of a  
Healthy Community*

10/2/15

Dear Prospective Applicant,

Thank you for your interest in our MFM Fellowship program! We are currently approved for 3 fellows. We are very proud and excited by the exceptional education we give our fellows, the quality of exposure to longitudinal care of the high-risk patient, and the services we provide in maternal health care in the community of the Inland Empire.

On this website, you will find more information about the program, as well as an application form. Embedded in the application is a checklist of supporting documents.

We are currently accepting applications and interviewing candidates. You have to have a medical license in the state of California to pursue Fellowship here so we encourage early application and planning. If you do not yet have a California license please indicate so in the application. Supporting documentation does not need to be complete to submit the application.

Have you rotated at ARMC before? We strongly encourage you to set up a short 'audition' rotation as a means of an interview. This can be arranged through our graduate medical education office. However, we understand if your current training situation won't allow for it.

Please feel free to contact me if you'd like any further information. I look forward to speaking with you.

Sincerely,

Kristy Roloff, DO MPH  
Attending Physician  
Maternal Fetal Medicine  
Arrowhead Regional Medical Center

**BOARD OF SUPERVISORS**

ROBERT A. LOVINGOOD  
Vice Chairman, First District

JANICE RUTHERFORD  
Second District
